MEET THE BUILDER

Paul is a lifelong resident of the South Shore. Born and raised in Cohasset, Paul understands coastal living. With a family in real estate and construction, Paul grew up learning the business at a very early age. While attending college, he spent his summers locally running his own painting company.

A graduate of the University of New Hampshire, Whittemore School of Business, Paul started Marvell Homes in 2011 after spending several years in finance at Morgan Stanley in New York City and Merrill Lynch in Boston. His passion for building began when he and his wife built their first home in Scituate.

Paul is a member of the Hatherly Country Club as well as the Cohasset Yacht Club. He and Alison reside in Scituate with their two young children, McKenna and Will.

THE CONSTRUCTION PROCESS

For owners new to the home-building process, we like to outline the order we typically schedule our projects. This helps to not only let the homeowner know what's coming, but also to help prepare selections and arrange subcontractors to keep the project moving on schedule.
